

Hospital Organ Donation Campaign Recognition for Outreach

The hospitals and community partners listed below reached platinum, gold, silver, and bronze recognition levels for their organ, eye, and tissue donation and registration efforts between May 1, 2015 and April 30, 2016. The hospitals worked closely with their organ procurement organizations (OPOs) and Donate Life America (DLA) state teams to educate and register new donors. In many states, the participation of state hospital associations was pivotal to the hospitals' efforts. DLA and hospital association participation is indicated in the title line for each state. OPO participation is listed in the OPO recognition list at the end of the document.
