

Good In You ENGLISH RADIO :60

SFX: Heart monitor sound up, monitor beeps a few times then flatlines.

MUSIC UP. ANNOUNCER (Chris Fries):

As an organ donor, your story doesn't have to end.

The good in you can live on.

In fact, you could save up to eight lives with your gifts.

Your heart could keep beating.

Your kidneys could keep filtering.

And your intestines could keep on digestin' for others.

And that's not all.

You can improve the lives of 50 more people as an eye and tissue donor, restoring sight and health.

And you're not just helping out the person receiving the transplant — you're touching whole families with your lifesaving gift.

Register in minutes. Just go to [organdonor.gov](http://organdonor.gov).

You'll be happy you did.

And just maybe, someone else will be happy too.

Sign up today. Go to [organdonor.gov](http://organdonor.gov). It saves lives.

U.S. Department of Health and Human Services, Health Resources and Services Administration.
